

I am writing to you to express my support of radio station K-LOVE (94.7 and 94.9 on my FM dial). Whether or not one is a practicing Christian, the station provides encouraging, uplifting music, and an alternative to the often degrading, negative music that pervades the airwaves. I hear many people from across the nation taking the time to call in and comment, on air, about how K-LOVE's music and inspirational commentary literally helps them live with more hope from day-to-day. We live in a world grown cold, filled with overwhelmingly bad news on television, and often empty music on the radio. Perhaps someone listening to the positive music of K-LOVE will help someone decide not to do something as serious as harming spouse, a child or themselves, or perhaps its peaceful, often selfless music will cause someone to view a fellow human being as worthy of effort, help and respect. Do I listen to other music, other stations (such as talk radio) and find them valuable, ABSOLUTELY. But I respectfully request that you consider the quiet message of love this station broadcasts daily, not out of profit motive, but out of a heart for others. Thanks for your time, and for letting me express K-LOVE's value to the community.
